In Dedication To . . .

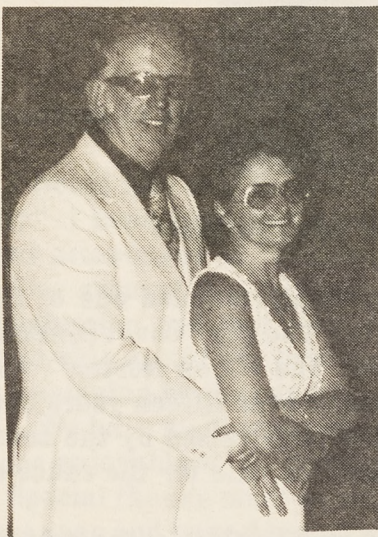

The Entertainer

Toni Raye

TONI RAYE is always one of the first persons you can count on if you need an entertainer for a show or a worker on a project for the community. His selfless dedication to this community is unbounded. He has kept us entertained with his outrageous Cher and Dolly Parton and his warm and torchy Marlene Dietrich. We can never thank him enough for all the fine work he has done, but we salute you and say BRAVO!

The Concerned Citizens

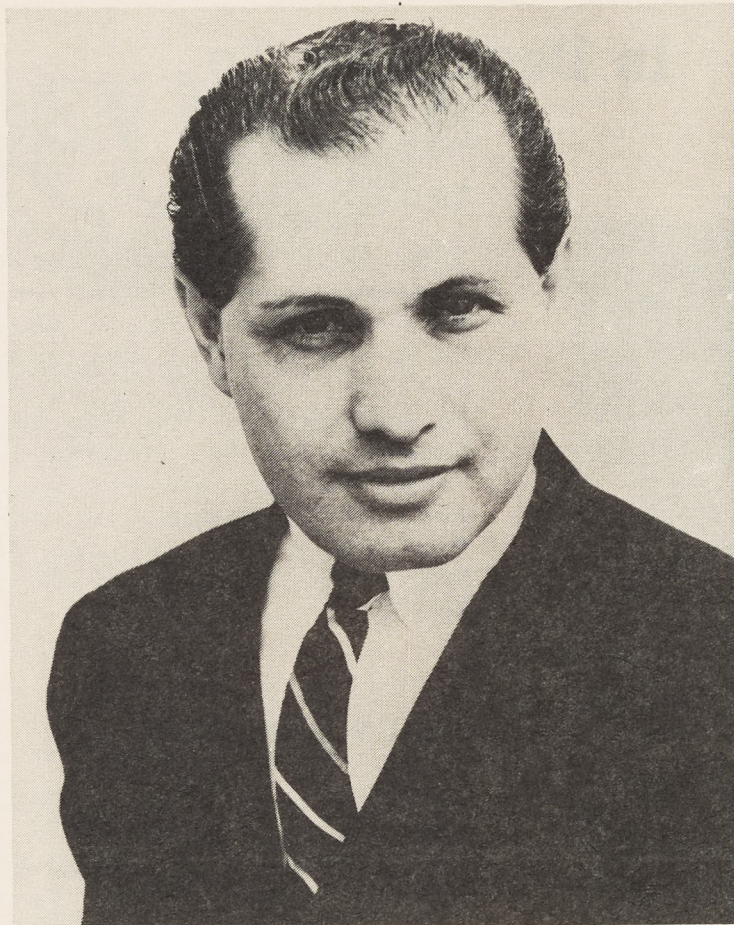

Patti & Jerry Maust

Unselfish is truly the only word that can describe PATTI & JERRY MAUST. This couple have given of themselves to our community and have asked nothing in return. They have extended their hand not only to help but for friendship that can never be duplicated. They have shown more love for us than possibly we have shown in return for even ourselves at times. We thank you for we know you will always be there.

The Community Leaders

Our Advertisers

We always seem to be asking for a donation or an ad for a program or support in one form or another and a thank you is the most we usually seem to give you. But we are truly thankful and we hope this special dedication conveys how we feel for each of you, OUR ADVERTISERS. You are to be commended for your continuous support, for without each of you we would never be able to do any of this.

Jose Sarria — Empress I “The Widow Norton of San Francisco”

Over fifteen years ago, a courageous young man unknowingly founded one of the largest and most powerful gay organizations in North America. The gay “Court System” officially began when her Most Imperial Majesty, Jose Sarria “The Widow Norton”, was crowned and seated on the throne as Empress of San Francisco over fifteen years ago. Since then, countless hundreds of thousands of dollars have been raised by the court system on behalf of gay and straight social service organizations, and for the cause of gay rights across Canada and the United States.

Empress I, Jose, “The Widow Norton” has been honored by countless organizations and received vast media coverage for his leadership and humanitarian roles on behalf of the gay community. He was the first openly gay candidate to run for public office in San Francisco, this, paving the way for the late honorable Supervisor Harvey Milk.

Tonight, we the court system which he has founded, together as a family, finally honor Jose Sarria in a tribute long over due.

We dedicate this Imperial evening to him and honor him as her most Imperial Majesty, the Imperial Queen Mother of All North America, Jose I . . . Long Live the Queen!

Greetings to all of you,

I would like to take this opportunity to welcome you to San Diego, "America's Finest City". I hope your stay has been a pleasant one and that this evening's festivities and your attendance at "Regale IX, A Coronation Ball" will be a memorable one.

This evening is a culmination of concentration and undivided attention of the talents, imagination and just plain hard work of many people striving for a common goal; to make this one of the best coronations ever. Endless meetings, working parties and the campaigning by the candidates have helped to create the excitement felt here this evening. We have made many changes this year, all in an effort to make our coronation much more enjoyable to all concerned.

Special thanks must be extended to those personal friends who have stood by me this past year and have devoted themselves so unselfishly to making this evening possible. It is with the love and respect of each of us, that has made us strong and continues to make us a "Family".

In closing, I hope that you enjoy this evening and I thank you for supporting us, and by believing in us you have made all of this possible.

We salute the Golden Eagle Court and the people of San Diego. Because of your efforts in fund-raising, the fight for human rights has been advanced, school children have shoes, senior citizens and mentally retarded children were entertained and crippled children have new exercise equipment.

... Empress Nicole, Emperor Chuck and Queen Mother Patti — you know we couldn't have done this without your help ...

The Golden Eagle Monarchs

Emperor VIII Charles and Empress VIII Nicole

We selected the Golden Eagle (Aguila Chrysaetos) as the symbol of the Eighth Reign, because the Golden Eagle was the most admired of all creatures for its strength and courage by the American Indians. Eagles dare to win . . . and the Eighth Court was an Eagle. We sought a level of success beyond the common grasp and that made us leaders who rose above all obstacles and our victory was a court unlike any before.

We are proud of our reign and our court. We have no regrets, no apologies; and we would have done it no other way. The Golden Eagle Court has reached out financially and supportively to numerous gay and straight social service organizations. We have comforted and helped our senior citizens, retarded and special children; and we have sought out those shut in and away. We have been political, we have been controversial, and we have no regrets. We thank the community for their support, especially our business people. We are grateful for the support of many of our past monarchs . . . we are grateful for the strength and understanding of our lovers . . . Ed and Brian; but most of all, we are humbly grateful to our Golden Eagle Court members who we will always love and respect for helping us give San Diego the most productive and powerful court ever.

Many have asked, "What is your success?" our success was we were . . . we are, family . . . fighting, loving and building together with the knowledge and commitment that we are one.

As Emperor and Empress we have shared love, laughter, sorrow and tears . . . because we were able to share them together as one, we have become brothers and sisters to each other for the rest of our lives.

In our travels all over the United States, Canada and Mexico, we have met so many special people and they will always possess our special friendship and love. We humbly thank them all for their support.

To her most royal highness, our Queen Mother Patti, the love and respect we have for you and Jerry can never die . . . you will always be a part of the good and beautiful experience of our lives.

To our enemies and those who criticize and try to destroy us . . . "Eagles dare to win" and the victory is ours . . .

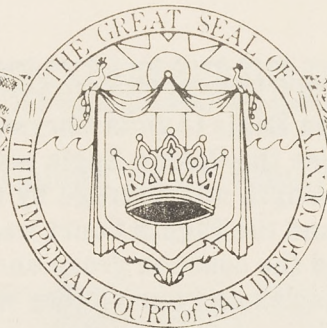

To her most imperial majesty, Jose I of all the Americas, thank you for paving the way for us and we hope that among all your sons and daughters, you will find a small place for us . . .

To San Diego, Oceanside, our sister courts, our family; always remember we are family . . . thank you for a beautiful and productive year . . . know each and everyone of that "we will never love this way again" . . .

God Bless Our Realm

Our Court System
Long Live The Monarchy!
